Larry Daniels, Pathways Counseling

CHURCH REVITALIZATION

I recently had the opportunity to speak at the **Covington Baptist Association** Ministers Conference near Andalusia. I spoke about **church revitalization**. There were a good number of pastors and church staff in attendance. As we discussed this topic, I was reminded that churches everywhere need revitalization.

According to the **Crosswinds Foundation** 6,000-10,000 churches are dying each year in the U.S. As **Southern Baptists** we start around 1200 new churches each year and lose up to 900 churches.

Many of our churches in Alabama are plateauing or declining. Yet there is good news. I have seen God do incredible things in several of the churches in our association. Many of our churches are moving forward with a zest and zeal believing that God is at work. There is an excitement in many of our churches that God is going to do something great. People's lives are being touched for Christ as a result.

The **Baldwin Baptist Association** stands ready to assist any church in it's ministry development and church revitalization. We have so many resources as well as through the as well as through the State Board of Missions to help churches evaluate where they are in their journey and to help them move forward to be all that God has called them to be.

Rick Ellison
