Most Difficult To Find?

I am encouraged as I visit and speak in the churches in our association. I'm also blessed to hear some of the best communicators of God's Word. We are blessed by heart-felt worship music and praise. People are growing in their faith and in Christian community through Sunday School and small Groups. This shows that there are many exciting opportunities including missions.

I visit more than 65 churches in a year and some of them multiple times. Many times, the most difficult thing to find out is what time the Sunday morning worship service begins. Even though we know what time services begin, those who are considering visiting our churches may not. Some may be looking for additional times of worship as well.

Please consider...

1. Does our church signage clearly show the correct times for worship gatherings?
2. Does our church telephone greeting give times of worship services?
3. Are our times for worship easy to find on our website or church Facebook?
4. Is our posted times of worship communicated in a positive and inviting way to those considering attending?
5. What other ways can we communicate and invite others to worship?

What a great opportunity we have in Baldwin County to help others discover our great God through our worship gatherings.

-Rick Ellison
