Looking Toward the Future

For over one hundred years this association of churches has faced many trials including global wars, economic depression/recession, hurricanes and many other challenges.

In the early days of the association there was the Spanish Flu. It was a deadly pandemic that infected some 500 million people. It infected about a third of the world's population. That pandemic had four waves. It lasted for two years. An estimated 675,000 Americans died as a result of the pandemic.

I am certain that there was much prayer during that dark time by Baldwin Baptists. Eventually they moved past the pandemic to start churches and ministries all over our county.

During this current pandemic there also has been much prayer and our churches have adapted in many ways to continue worship and ministry. When we move past this pandemic there will be many challenges as well as opportunities.

When we enter a post-Covid era we will have unique opportunities. This epidemic has reminded all of us how fragile we are as human beings and that life can change for the worst very quickly. It reminds us how much we need and depend on God. What a unique time to share the gospel. What a golden time to strengthen and even start new ministries.

Please be praying for God's vision and direction as we move toward the future.

DISASTER RELIEF HERO'S

Hurricane Laura recently roared through parts of Louisiana and Texas bringing a wide path of destruction, power outages and tragically human loss of life.

Two teams from our association have gone to Louisiana to minister to needs and help with the damage. Please pray for these disaster relief hero's as they serve God in Louisiana.
