### CHURCH REVITALIZATION

Many churches will be looking toward church revitalization in the days following the Covid Pandemic. They will look toward rebuilding attendance and ministries. There will be prayer and evaluation in regard to where God is leading the church in the years to come. While the pandemic reminds us of the need to build our churches back up, we should always be involved in the process of church revitalization. Now is the time to be praying, evaluating where we are through much prayer, planning and preparation as we consider God's plan for our church for future days.

Our association is blessed to have a church revitalization team that will assist a church as it moves to the revitalization process. On this team are two men who have worked with their state conventions in this area, one who has spent hours developing church revitalization materials under the watch of one of our seminaries and the team is made up of many who have had extensive pastoral leadership.

The revitalization team always works through the pastor. Members of this team are willing to sit down with a pastor and discuss church revitalization and the challenges facing your church or assist the pastor and leadership as you work toward revitalization.

There is no cost for this ministry service.

Please pray about what God would have you do.
